1 Section Heading

Please note that the first line of text that follows a heading is not indented, whereas the first lines of all subsequent paragraphs are.

Use the standard `equation` environment to typeset your equations, e.g.

$$a \times b = c \,, \tag{1}$$

however, for multiline equations we recommend to use the `eqnarray` environment.

$$a \times b = c$$
$$\vec{a} \cdot \vec{b} = \vec{c} \tag{2}$$
